HOW DID COVID-19
AFFECT YOUR *sweet 16*

Usually a major part of your sophomore year, your 16th birthday is a milestone nobody ever forgets, but having a 16th birthday during a pandemic makes for it more memorable

Normally I have huge parties and it was my sweet 16 so I was planning on having a pretty big party, but i ended up having 2 friends over and I got a car so it ended up being great.

-SALIYAH BRADY, 11

I did have a little get together with some friends this weekend.

-REEGAN HAHN, 10

Well because of COVID we had to have my party outside and it was a small group of people and we were careful but still got dressed up and had a DJ

-CAROLINE HATFIELD, 10

My birthday was affected by COVID mostly by the fact that I couldn't be at school on my actual birthday and I haven't done all that much to celebrate yet but I did spend some quality time with my family and one of my friends and we just hung out and watched some movies since it was rainy. I think COVID has changed a lot but for me, I really appreciate quality time with people more!
